JURY ACQUITS  
S. G. WINSTON ON  
MURDER CHARGE

Slayer of McKittrick Stands Trial in Gallup and Is Exonerated; Sila Found Guilty In Second Degree.

SPECIAL DISPATCH TO MORNING JOURNAL

Gallup, N. M., Nov. 25.—Samuel G. Winston was on trial Tuesday for the murder of Charles A. McKittrick. He was acquitted early yesterday morning by the jury. All of the evidence was taken Tuesday afternoon and at the evening session and the case went to the jury shortly after midnight. The jury was out but a short time, finally acquitting him on the first, voluntary-murder charge.

Sila is credited with having caused the death of another man some time ago by accident. A bunch of boys were out shooting at a mark. Sila is said to have taken a shot at an out-house some distance away. A short time later a man was found dead in the out-house with a bullet hole through his body.

## Thanksgiving in Las Vegas.

East Las Vegas, N. M., Nov. 25.—Las Vegas observed Thanksgiving by closing down its stores and offices all day. Large numbers of people attended Thanksgiving services at various churches. The Jewish, Methodist, Christian and Presbyterian congregations observed Thanksgiving in their respective meetings, which was addressed by Rev. J. H. Whittier, pastor of the Christian church. The Baptists held a service in their own church, as did the Catholics and Episcopalians.

It developed in the trial that G. W. Phelps had been selected by McKittrick and Winston to represent McKittrick in dividing up the stock and the crop that has been raised on the farm by Winston, and that McKittrick was not to be present at any of the dividing. McKittrick is alleged to have failed to keep his part of the agreement and was down on the Winston farm early the next morning after the agreement had been made. McKittrick is said to have threatened to shoot Winston that morning, but was prevented by the interference of Mrs. McKittrick, who was with him. Winston was unarmed, but went from that spot to the Simeon Deneff ranch and borrowed a small shotgun, which he said he wanted to take with him on a hunting trip, but he stated in his testimony that he borrowed it to protect himself against McKittrick, as he intended to round up the animals on the farm and divide up the other property in the next few days. He had forgotten the keys to his cellar and started back to his home where McKittrick had remained. When he came in sight of McKittrick he called to him that he had not come back for trouble, but if he, McKittrick, started anything, he, Winston, was ready for him.

He could not say who opened fire first. There were five empty cartridges in the gun which McKittrick had, and four were empty in the gun Winston had. C. E. Phelps was questioning the gun when he saw the shooting took place and heard what Winston had said to McKittrick, but he was not in a position where he could see.

## MADE OVER AGAIN.

Mrs. Jennie Miner, Davidson, Ind., writes: "I can truthfully say Foley Cathartic Tablets are the best I ever used. They are so mild in action, I feel like I have been made over again."

Good health has no greater enemy than constipation. Foley Cathartic Tablets keep the stomach sweet, liver active, blood regular and banish listlessness, sick headaches, sour stomach. Stout persons welcome the light, free feeling they give. Sold everywhere.

*(By MORNING JOURNAL SPECIAL LEARNED WORK)*

Morrilltown, Ark., Nov. 25.—A warrant charging assault with intent to kill has been issued for Eugene L. Jones, county judge, who was shot by T. J. Kissire, son of a son-in-law, following the alleged killing yesterday of Mrs. Rhoden by Mr. Kissire. Judge Rhoden now is in a hospital at Little Rock.

In a quarrel between Judge Rhoden and his wife, who was at her father's home, Judge Rhoden attempted to strike Mrs. Rhoden. It is charged, Kissire, attempting to shoot Judge Rhoden, killed Mrs. Rhoden. A son shot from Kissire's shotgun shattered Rhoden's left arm.

Before a coroner's jury Kissire testified that he attempted to kill Judge Rhoden in defense of his home, and that the killing of Mrs. Rhoden was accidental. Kissire was exonerated by the coroner's jury.

Milan, Nov. 25 (via Paris, 5:25 a.m.)—A dispatch to the Sevola from Scranton says the Italian government has learned that the machinery of interned German and Austrian steamships which it has requisitioned has been tampered with. Some essential parts were removed and hidden, but most of them were found after careful search. In one instance the machinery was concealed in a secret compartment constructed for the purpose.
